2025 Annual Block – 12 1/2" Log Cabin

(made with 2" wide strips)

Mail blocks to:

Christine Hurley
Indiana Coordinator
Quilts of Valor Foundation
2105 Woodcrest Road
Indianapolis, IN 46227-4336

Quilters Guild of Indianapolis:

Turn your blocks in at ANY QGI meeting.
Put your name on the back of the block in
a seam. Completed tops/quilts # of
blocks will be counted.

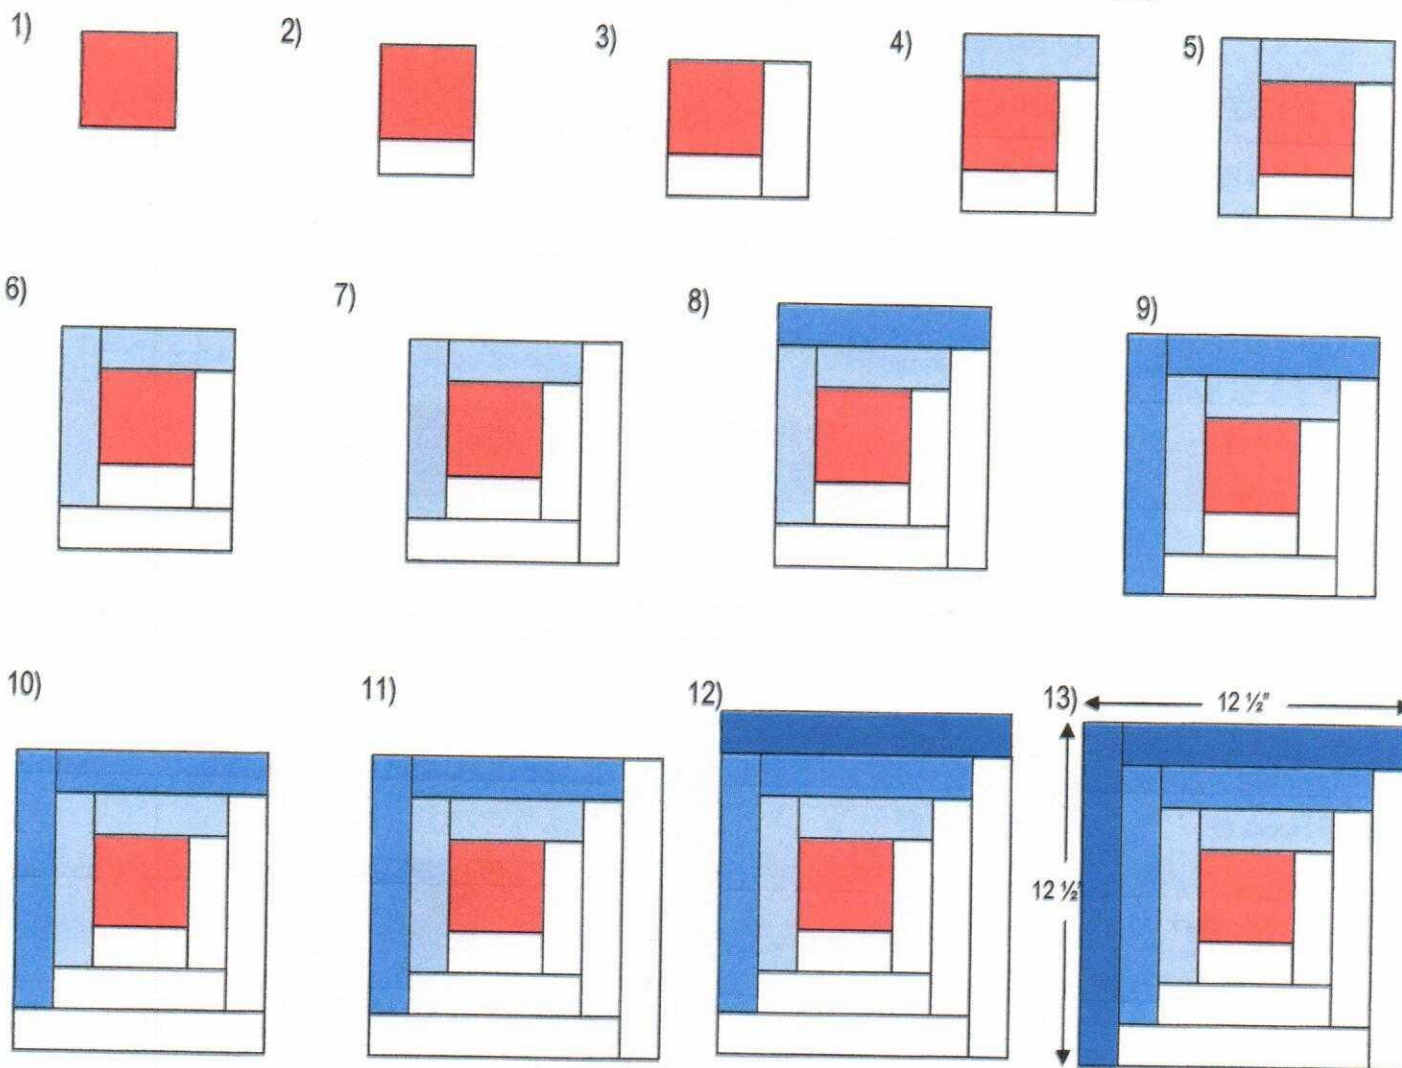

Welcome to Quilts of Valor Foundation 2025 Quilt Block Drive

There are many ways and sizes to make Log Cabin blocks; these involve different strip widths, color combinations, and overall planning.

While we respect individuality and creativity, in order for the donated blocks to work together to make quilts for our veterans, we have to work from a common base pattern, block strip sizes, and color combinations. Please confine your blocks to the cutting instructions given and the color combinations shown on the cutting page. Fabrics need to be 100% cotton, and color selection should be confined to shades of red (no pink), white or cream, and blue, and can be solids or small scale prints. If you have questions please email christine.hurley@qovf.org

2025 Log Cabin Block Instructions:

Cutting instructions and a picture of the block are on page 1.

1. Press away from the center for all rounds. Finger press only until you have completed all the rounds as iron pressing frequently can bow or distort your rows. Blocks square to 12 1/2".
2. If you reorient your block to the picture before starting each step, you should have no difficulty with losing your place while sewing.
3. DO NOT BACKSTITCH at beginning and ends of rows. The fabric and stitching needs some fluidity to move, backstitching can cause puckering.
4. Thank you for your participation, your work is much appreciated.
